

# ECLPX AIRWIRE Live Aerial Coverage. When It Matters Most. On Demand.

ECLPX AIRWIRE provides instant, high-quality aerial coverage for news and weather—without the delays, costs, or technical hurdles of traditional drone operations. Whether covering breaking news, traffic updates, or severe weather, AIRWIRE seamlessly integrates into newsroom workflows, delivering dynamic, broadcast-ready footage with zero setup time. Augment fixed tower cameras with real-time, controlled aerial perspectives that move with the story. No pilots, no flight approvals—just fast, reliable, and automated aerial coverage at a fraction of the cost.
